Let's celebrate our country's birthday. We will make our very own flag of the U.S. and partake in many educational patriotic activities, which include singing, dancing, arts and crafts, and more. On the last day, we will have a birthday party for our country.

## **Cooks, Crafts and Books** Week 3 (July 9 – July 13)

"From there to here, and here to there, funny things are everywhere." What's better than a week filled with Dr. Seuss and his funny friends!

Since they will have learned the basics... This week the students will be making their lunches daily. They will be making everything from pizza and quesadillas, to breakfast for lunch. Your child will learn and play games from all around the world. They will play board games and design their very own relay race with the help of their camp directors.
